

DEEP CLEANER

AN ENHANCED CLEANER WITH DEEP PENETRATING PROPERTIES FOR THE EASY REMOVAL OF HEAVY SOILING FROM ALL HARD LANDSCAPING AREAS

PRODUCT DESCRIPTION

Deep Cleaner is an effective high-performance cleaner, helping to remove stubborn greasy stains and heavy soiling. This powerful cleaner has excellent degreasing properties and can be used on all areas externally on any type of natural stone including sandstone, limestone, granite, marble, brickwork, render and all types of concrete. This easy to use versatile product can also be used internally on porcelain and ceramic tiles where a normal strength cleaner is not enough. Formulated with biodegradable components and degreasing agents, giving you fast and long-lasting results.

BENEFITS

- Biodegradable
- Fast acting
- Concentrated
- Easy to use
- Waterborne product
- Does not alter the treated surface
- Internal and external use

APPLICATION

Always test a small inconspicuous area before proceeding to ensure the finished result is satisfactory. Shake the container well before use.

Dilute by adding the following ratios of Deep Cleaner to water.

For Heavy soiling - Use neat.

For General soiling - 1 part Deep Cleaner with up to 10 parts water.

External use - Apply using a low-pressure pump sprayer or watering can and agitate with a stiff brush. Allow to act for 5-10 minutes, agitate with a stiff brush again and whilst the surface is still wet, thoroughly rinse, ensuring all residue is removed. For optimum results use warm water.

Internal use - For porcelain and ceramic tiles use a mop and bucket and allow 5 to 10 minutes for the product to act. On stubborn marks use a plastic scouring pad or scrubbing brush to agitate. Then simply mop the area with clean warm water.

For removing stubborn stains and deep penetrating lubricating oil, it may be necessary to apply the product multiple times allowing 10 minutes between applications.

COVERAGE

1 Litre = 5m² to 15m² (33.8fioz = 54ft² to 161ft²)

The figures indicated are approximate and should only be used as a general guideline. See application for dilution ratios.

STORAGE

Store in the original unopened container in a clean, dry area and ideally at 5°C - 25°C (41°F - 77°F).

CLEANING EQUIPMENT

Clean tools and equipment immediately after use with water.

RECOMMENDATIONS

Do not apply if rain is expected, when its frosty, or when the surface is <5°C and >25°C (<41°F and >77°F). Please be aware darker colours will have a considerably higher surface temperature in warmer weather conditions.

Do not mix with any other product.

HEALTH AND SAFETY

Causes serious eye damage. Do not breathe fumes. Keep out of reach of children. Do not get in eyes, on skin, or on clothing. Wear protective gloves/protective clothing/eye protection/face protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water. IF INHALED: Remove person to fresh air and keep comfortable for breathing. Get medical advice/attention if you feel unwell. IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Get medical advice/attention.

Contains - ISOTRIDECANOL ETHOXYLATE 2%, SODIUM HYDROXIDE 1.6%, QUATERNARY C12-14 ALKYL METHYLE AMINE ETHOXYLATE METHYL CHLORIDE 1%.

Please dispose of packaging and waste products in line with current environmental legislation.
